New York, Pennsylvania, Illinois, Ohio and Texas Show Greatest Growth in Past Decade

WASHINGTON, D. C., May 5.—When statements designed by competitive news agencies to discredit the population estimates of various cities for 1910 set out exclusively by the United Press yesterday were called to the attention of E. Dana Durand, director of the census today, he said:

"You are authorized to say that the United Press acted in good faith with this bureau in setting out the population estimates yesterday. They were computed in the census bureau from the best data in hand at this time.

"These figures are estimated by the census bureau to show the estimated population on June 1, 1910. Of course, the actual counting of the returns from the census takers has not been completed and those figures are unofficial. They were given to the United Press as unofficial and I am informed were sent out without exception as 'unofficial' estimates.

Simply Estimates

"These estimates naturally will not tally exactly with the returns from the count and in some cases may show considerable variance. They were, however, computed in the census bureau, upon our data here in the method which has been found to be the most accurate possible."

Officials of the census bureau said today that it might be several months before the final official figures taken from the count would be available and that the advance figures as sent out yesterday by the

EMPLOY FORCE TO KEEP THE PEACE

Col. Theodore Roosevelt Suggests Drastic Method for Elimination of the Horrors of War

LECTURE IS HIGHLY APPROVED

Plea for Peace for Embattled Leader of Political Insurgency Applauded in Norway

(By a Staff Correspondent of the United Press.)

CHRISTIANA, May 5.—"Something should be done as soon as possible to check the growth of armaments, especially naval armaments, by international agreement."

Standing this afternoon before an audience that packed the National theater and speaking under the auspices of the Nobel peace committee who four years ago honored him with the Nobel peace prize, Col. Theodore Roosevelt delivered these words in his plea for international peace, the subject of his address.

It was Roosevelt's first discussion of the question of international armaments, a question that more vitally concerns every European power than any other and was received with great applause.

That a man of Roosevelt's position who has always contended that the best way to insure peace is to be prepared for war, should at last realize that the mad race for armament is being overdone, is considered one of the most significant features of his history-making travels through Europe. There were those in his audience who believed that the ex-president voicing in such forcible language the thought that is uppermost in the mind of every European king and president, today opened the way for an international agreement regarding armaments.

The colonel spoke with characteristic vigor and made a profound impression upon his hearers and most of all upon King Haakon himself, who hastened to congratulate Roosevelt.

SOCIETY LEADER MAKES GOOD BEFORE THE FOOTLIGHTS

MISS BESSIE SESSIONS

WASHINGTON, D. C.—Lured by the fascination of the footlights, Miss Bessie Sessions, stepdaughter of Lieutenant Reeves Russell, U. S. M. C., retired, one of Washington's prettiest society girls, is appearing in "Bright Eyes" at the Forest theater,

Philadelphia. She did this unknown to her friends or parents, as she was supposed to be in New York on a visit.

When discovered Miss Sessions said she had enjoyed the experience, but was willing to return home at the end of this week's engagement.

TO GIVE MR. TAFT HARD JAR TODAY

"Regulars" Propose to Pinch Him by Letting the Railroad Bill Find Its Own Fate Now

WASHINGTON, D. C., May 5.—Just to give the president a chance to see what a legislative wreck looks like, the regulars refrained today from any further effort to patch up the railroad bill. They desire him to see the bruised, banded and battered favorite of the administration at its worst in the hope that he will be moved to employ the big stick in the fight to put it through congress.

A senate veteran declared to a friend today that he proposed to tell the president point blank that he had no business to be traveling around when bills of importance to the party were in danger. "It may make me unpopular at the White House," he added, "but I will tell him what I think of it."

Open mutiny has broken out among the stampered regulars in the house. It is the custom when a roll call is to be taken, in the house, to signal the fact on electric bells placed throughout the house and of the capital and the office building. On a recent roll call thirty of the regulars sat in their offices and refused to respond to the call of the bells.

T. B. NO PEACEMAKER

CAIRO, Egypt, May 5.—The nationalist movement in Egypt still lives despite the visit of Col. Theodore Roosevelt and his exhortation of its members and his appeal for law and order. Writing in the Egyptian Gazette, Mohammed Kamel, a well known Egyptian revolutionist, says: "The time for action has come. The means of action, however, violent, will be nobler than this deadly silence and cowardice."

REBELS WIN BATTLE

VIENNA, May 5.—Consul reports received today from Uskub say that the Albanian rebels were successful in all of yesterday's engagements with the government troops and unless the latter are heavily reinforced they will be unable to hold the positions they now occupy.

BIG STRIKE NEAR

CHICAGO, May 5.—A strike of 4,000 freight handlers employed on 23 railroads having terminals in Chicago will be declared tomorrow morning unless the railroads grant the men an increase of 10 per cent for hour men and \$5 a month for others, according to officials of the union today.

FIRE IS COSTLY

KANSAS CITY, Mo., May 5.—The loss caused by the fire which last night destroyed the plant of the Peete Brothers Manufacturing company, one of the largest soap and glycerine factories of the southwest, is estimated today at \$1,500,000.

PLAY DEFENSE IN THE SWOPE CASE

Perfunctory Rebuttal Attempted Today by Hyde Lawyers After Court Refuses to Nolle Case

KANSAS CITY, Mo., May 5.—After considering the advisability of submitting the case of Dr. B. C. Hyde to the jury that is to determine whether or not he poisoned Col. Thomas H. Swope, without offering a single bit of evidence, the defendant's lawyers decided today such action would be too hazardous and will make a defense.

Hyde's counsel say they are confident of acquittal but do not wish to assume responsibility of a grave mistake.

Attorney Walsh moved that the court in view of the evidence adduced by the prosecution instruct the jury to return a verdict of not guilty. The motion was denied.

A perfunctory defense is being made, but the defense is relying mainly on what it terms the failure of the state to make a case.

CONVICTION MAY FORERUN A BATTLE

FAYETTEVILLE, W. Va., May 5.—Should a conviction result in the trial of Albert C. Feltz, superintendent of the Baldwin detectives, charged with robbing Paymaster Wickes of the New River Collieries near Thurmond last July, a battle between half a hundred heavily armed Baldwin and members of the Hatfield clan is almost certain to result, court officials say. Some of the Hatfields are the state's strongest witnesses against Feltz and feeling between the factions is strong.

TOGAS FOR SALE

WASHINGTON, D. C., May 5.—Charges that a former high government official tried to tamper with the Oregon legislature by trading federal offices for votes, were made by Senator Bourne (R., Ore.) in the senate today. The senator was talking about the success of real popular government in Oregon. One of its most severe tests, he said, came two years ago when the people elected a republican legislature and endorsed Gov. Chamberlain, a democrat, for the United States senate.

N. Y. RACING TO END

NEW YORK, May 5.—Horse racing is nearing an end in New York state. Horsemen generally are agreed today that when the assembly convenes in the bills passed by the senate yesterday—and there is little doubt that it will—several of the big racing associations will prefer to wind up their corporate existence as promoters of running race meets.

STAGE FAVORITES QUIT

NEW YORK, May 5.—Two Broadway favorites, Mabel Taliaferro and Frank Worthing, are in retirement from the stage today, the former from a nervous collapse and the latter from tuberculosis of the throat.

BALLINGER SAYS HE EVADED LAW

Tries to Explain Performance on His Part of Acts He Criticized in Others

WASHINGTON, D. C., May 5.—The first direct attack upon former Chief Forester Gifford Pinchot by Secretary Ballinger was made this afternoon when Ballinger, testifying before the congressional investigation committee, launched into a severe criticism of Pinchot's system, which he called the "land grab policy."

Representative Madison (R., Kansas), a member of the committee, immediately arose to champion Pinchot. He said the work of the forest service had been of incalculable benefit to the people of his state.

After declaring that Pinchot and Garfield had entered a conspiracy to discredit him, Ballinger asserted that he had remained silent since last autumn "only in obedience to the President." He said he supposed that others (under the same obligations) would do likewise.

Secretary of Interior Ballinger on the witness stand today admitted that blame for the inequitable distribution of the "reclamation pork barrel" fund, which by inference had been laid at the door of Director Newell, was due to congressional pressure brought against former Secretary of the Interior Hitchcock.

The witness again put former Secretary Garfield in his private Annapolis club by branding as untrue the statement made by Garfield in a letter to President Taft dated Nov. 6 that the co-operative certificate plan for the reclamation service was "approved by the senate committee on irrigation."

Attorney Vertrees, after bringing out that Secretary Ballinger considered the water power withdrawals of his predecessor illegal, asked how it was that he subsequently made withdrawals of many of the same lands.

"I regard the temporary withdrawals made by myself as unauthorized and unauthorized by law," Secretary Ballinger answered.

"They are expediency withdrawals and they are no more legal than Garfield's. But they do cut down the area of the lands to what is approximately right and withhold them temporarily. It puts the matter up to congress directly and specifically—not by way of subterfuge or disguise of that end."

"And congress is responsible?" asked Senator Flint.

"Yes."

KATE BENDER DIES AFTER LATE BENDER

RIO VISTA, Cal., May 5.—"Kate" Bender, a member of the notorious family of murderers at Cherryvale, Kansas, has lived in Rio Vista for years and finally died here without her identity becoming generally known, according to a statement today of Jack Collins, whose knowledge of the woman's identity once nearly cost him his life.

Collins identified the body of an aged woman, known here as Katherine Peters, as that of Katherine Bender. The woman died in a hut, where she lived, alone, on April 18, but her body was not found until today. Collins said that one day several years ago the woman, believing she was dying, confessed her identity. She recovered from her sickness and a few weeks later tried to hire another man to set fire to a houseboat upon which Collins was then ill.

TELLS FARMERS THE GAMBLERS ARE O. K.

ST. LOUIS, Mo., May 5.—Manning W. Cochrane, president of the local Merchants' Exchange, in an address before the Farmers' convention, today told the farmers that legitimate grain traders were their friends and allies. Board of trade were necessary in protecting the farmer against dishonest speculators, he said.

TO BROADEN PROBE.

CHICAGO, May 5.—That the present grand jury investigation of Representative C. A. White's charges of bribery in connection with the election of United States Senator Loomer will be broadened to take in any irregularities whatever which may have taken place during recent sessions of the Illinois general assembly, was the statement made by an attaché of State's Attorney's Wayman's office today.

MINERS ENTOMBED

BIRMINGHAM, Ala., May 5.—A report was received here late this afternoon that 150 miners had been entombed by a mine explosion in a coal mine near Palos, Ala.

RY. BILL SOURCE OF AGGITATION

Taft Hastens to Washington while House Works and Senate Awaits Him with Derisive Grin

CINCINNATI, Ohio, May 5.—Speeding toward Washington and the political chaos that surrounds his railroad bill, President Taft decided to delay taking a position in the struggle until he reaches the scene of battle.

The president has concluded that two courses are open to him.

First, he may take down the long idle "big stick," call the insurgents and regulars into the White house and endeavor to beat a majority into line.

Second, he may adhere to the position he took when he told Senator Aldrich over the long distance telephone from Pittsburgh:

"I have sent you the bill and it is out of my hands."

House Gets Busy

WASHINGTON, D. C., May 5.—The house this afternoon adopted an amendment to the administration railroad bill by a vote of 106 to 77 providing that when a railroad company reduces its rates to meet water competition the rate shall not be increased until the increase is sanctioned by the interstate commerce commission.

The amendment was presented by Knowland (R., Cal.).

Aldrich to Woods

WASHINGTON, D. C., May 5.—Now Aldrich has flown and as the president is still flying, the "ex-god ship railroad bill" entirely skipperless, today is drifting in a circle.

The reform crusaders are respecting the helpless condition of the derelict and it is expected that no hostile shot will be fired until next week. The Rhode Island leader started for home last night.

Defeat Predicted

WASHINGTON, D. C., May 5.—Following a row between Senators Dixon (R., Mont.) and Elkins (R., W. Va.) over the question of whether the "regulars" or the "insurgents" were combining with the democrats, Senator Money (D., Miss.), minority leader, this afternoon, predicted in the senate that the railroad bill would be defeated.

LOVED BY A KING

(By a Staff Correspondent of the United Press.)

CHRISTIANA, May 5.—Col. Roosevelt and King Haakon have made a tremendous hit with each other. It would be hard to find two more congenial men, notwithstanding that their acquaintance is of only 24 hours standing.

SPORTING EXTRA

To Stop Fight

SAN FRANCISCO, Cal., May 5.—Careful plans are being laid today by the ministers of California to prevent the Jeffries-Johnson fight and it appears likely that they may "slip one over" on the promoters of the battle by waiting until July 4 before making their move. If, on the day of the battle they can secure an injunction against holding the fight the matter could be dragged into court and held up until the validity and scope of the existing law had been determined. Such a delay would be fatal to the plans of the promoters.

WHITE SLAVERY DOOMED AT LAST

Levinson's Confession Puts Officials Onto All Details of Repulsive Traffic in Young Girls

BIG GUNS TAKE TO WOODS

Police Incompetency Resulting in Flight of Leaders Angers New York District Attorney

TERRIBLE STORY IS TOLD

Confession of Lieutenant Shows How Girls Are Lured to Palaces of Sin by Glitter

NEW YORK, May 5.—Scurrying to cover after abandoning their resorts to lieutenants with orders to sell them for what they can get, recognized leaders of the "white slave" traffic in this city are scattering to the four winds.

The bottom has dropped out of the traffic in flesh and blood in New York and it has received a blow from which it will probably never recover. Some of the leaders in the trade are rushing to Europe, others to South America and Canada.

Police Fall Down

As usual the police failed to realize the magnitude of their opportunity. Who was to blame has not yet been determined but there is intense chagrin in the district attorney's office that the prey is slipping through the laws' net.

The blunder came in permitting Henry Levinson to plead guilty and announce in open court that he was to turn state's evidence. Within an hour six persons, implicated by him in his confession, are known to have left town.

Following Levinson's complete confession to the district attorney last night six warrants were issued. These were returned by Detective Ed. Reynolds with the statement that all had disappeared. A general police alarm has been sent out and they will be extradited if caught.

One Case Adjudged

Belle Moore and Alex Anderson, colored, formally pleaded not guilty to trafficking in women before Judge Cray today. They were committed for trial in default of \$25,000 bail and their attorney will demand a change of venue.

His Awful Story

Levinson's confession bared the system of white slavery to the world and showed that New York was the clearing house from which immature and innocent girls were sent to houses of prostitution in all parts of America.

He told the district attorney of three "stockades" where any number of girls were always kept on hand, their charms displayed to prospective purchasers and their price fixed according to a set scale.

The "Stockades"

These stockades are conducted by women, financially backed by men of their stripe. It is to these places that keepers of resorts turn when seeking a fresh supply of girls.

HELP GET THE 31,000

Mr. Winter declares that there is grave danger that many people will be overlooked in the enumeration, owing to shifting of population. One valuable suggestion he made is that employers of labor make diligent personal inquiry to ascertain that every one of his employees is enumerated. He says that in a single factory he found more than a score of men who were missed in the canvass. He and his helpers are endeavoring to get at these workmen, but they cannot reach them all. Here is a blank that citizens may have filled out and sent to Mr. Winter, in each case where there is an omission:

MANY TO DROP OUT OF LAND DRAWING

Locator Predicts that Less
than Half of the First
Eight Thousand will

ABERDEEN, S. D., May 5.—The
filing for the Standing Rock and
Cheyenne river reservation lands has
started on the third fifty, but of the
first hundred, but eighty-seven win-
ners in the land lottery of last Octo-
ber filed on the claims they had
drawn.

proportion of the winners will drop

fact, one locator estimates that not
more than 3,000 of the first 8,000
winners will file on the land.

LION KEEPER IS MANGLED IN CAGE

FOREST CITY, Iowa, May 5.—
While thousands of people gazed
helplessly, terror-stricken at the
sight, an enraged male lion sprang
upon his keeper, George Hardy, dur-
ing a parade of the Yankee Robin-
son circus here, bore him to the floor
of the cage and inflicted wounds
that may result in his death.

Frightened at the roars of the en-
raged beast, the crowd was seized
with a panic, and with one accord
surged backward, trampling many
people under foot and inflicting
slight wounds to many.

The incident occurred on the prin-
cipal street corner of the town. The
beast, according to the circus men,
had been acting sullen and ugly for
several days. When Hardy opened
the door of the cage and stepped
inside the big lion snarled, lashed
his sides with his tail, and slunk into
a corner. He continued in an an-
gry mood throughout the parade.

BIG ATTENDANCE AT UNIVERSITY

MADISON, Wis., May 5.—An ac-
tual registration of 4,947 students
for the year at the University of
Wisconsin is shown by statistics in
the new catalogue now in press.
This is an increase of 426, or 10 per
cent over last year's enrollment, and
brings Wisconsin up seventh in the
list of American universities in point
of numbers.

In the college of letters and sci-

ence an even 300 students are added
this year, an increase of 15 per
cent, making a total of 2,241 in that
college. Of these 224 are in the
graduate school. The commerce
course has 250 enrolled, 34 more
than last year, a 16 per cent in-

enrollment of 57 shows an increase
of 16, or 39 per cent.

An addition of 195 students in the
college of agriculture brings the to-
tal to 964 this year, an advance of
12 per cent. The graduate students
number 24, an increase of 20 per
cent. In the long course the enroll-

ment of 74 is 39 or 11 per cent be-
yond last year; the short course en-

year, and the home economics de-

S.S.S. PURELY S.S.S. VEGETABLE

It is a generally recognized fact that medicines taken
from the botanical kingdom are better adapted to the
delicate human system, and safer in every way, than
those composed of strong mineral mixtures.

In the early settlement of this land, our forefathers
were obliged to procure their medicines from Nature's
great laboratories of forest and field. They searched out
and compounded the different vegetable materials into
teas, concoctions and medicines. That these pioneers
found the most potent and valuable of the roots, herbs
and barks placed at their disposal, is abundantly proven
by the fact that the great majority of them were blessed
with rugged health. They cured their diseases and were
enabled to do the great preliminary work of civilization
because the remedies they used were Nature's remedies,
and specially adapted to the needs of humanity.

Among the very best of these vegetable preparations is S. S. S., a medi-
cine made entirely of roots, herbs and barks in such combination as to make
it the greatest of all blood purifiers and
the finest of all tonics. S. S. S. does
not contain the least particle of min-
eral in any form, and is absolutely a
safe medicine for any one to use.

While purifying the blood this
great vegetable remedy builds up and
strengthens every portion of the sys-
tem. S. S. S. cures Rheumatism, Ca-
tarrh, Sores and Ulcers, Malaria, Scro-
fula, Skin Diseases, Contagious Blood
Poison, hereditary taints, and all other
diseases and disorders caused by im-
pure or polluted blood.

As a tonic S. S. S. is unequalled. It
invigorates every portion of the system,
and the healthy blood it creates largely
assists in overcoming any derangement of the digestive system. If you are
suffering from any blood trouble, or need a tonic to build up your constitu-
tion, you could not do better than to take S. S. S., a medicine that is in
no degree harmful. Book on the blood and any medical advice free.

and their families enumerated.

If this is done, it will mean that La Crosse will be able to show a population of 31,000, and a substantial gain. It is mighty important that this be done. If, through neglect, we let the impression go abroad that La Crosse is at a standstill, it will hurt deeply, and the hurt will be felt by all our business interests. People will not settle in a "dead" city. Factories come best to growing communities. We must not, therefore, bury our talent in the ground while other cities are increasing their talents. It is everybody's business. Let us prove an exception to the rule that, "Everybody's business is nobody's business." Let us prove that, in La Crosse, everybody attends to everybody's business.

LEAVITT A CAD

There is not much inclination on the part of the public to take sides in family troubles the nature of which is, or should be private, and were nothing inappropriate said there might have been some doubt as to what portion of the fault in the Leavitt family is with the husband. Marriages in which parental objection plays a part are apt to be disastrous for reasons outside those which should control the home, and where the influence of the parents is for peace and contentment, lack of a sufficient income does not always operate to vital disadvantage. Therefore the fact that the Bryans opposed and never forgave the Leavitt marriage was, in itself, a circumstance for the justification rather than the condemnation of Leavitt. However, the reputation of Mr. Bryan for fairness and generosity was a bulwark against suspicion, and his prejudice was unfounded, and now the candid public utterances of Leavitt come as his most convincing accuser. His preposterous assertions, their utter lack of consideration for the woman he took from home at seventeen and swore to love and cherish, set him down as a nasty little party undeserving of the affection of a wife and the privilege of fatherhood.

THE LATEST BUNCOMBE

The latest story about Theodore Roosevelt completely reversing himself in a sweeping endorsement of the Taft regime is so much like the others that it would not create interest were it not for the positive denial of it which the colonel himself felt called upon to make in the Netherlands.

An interesting feature of the affair was the eagerness with which "regular" newspapers gave it big headlines and black type, without taking the precaution to publish the positive refutation which followed so swiftly as to be available for publication on the same day as the original "pipe." We have in mind a paper not more than a thousand miles from here, which spread the yarn all over its first page, but omitted the denial. Such stuff and nonsense can avail nothing, and there must be small satisfaction in it.

A MISLEADING OMISSION

Owing to an error the following paragraph appeared in an editorial in The Tribune yesterday under the heading, "The Lorimer Affair."

"That people generally must discredit the claim of Mr. White that he accepted a bribe from men in behalf of Senator Lorimer in no way affects the case of Lorimer."

The paragraph should have read: "That people generally must discredit the claim of Mr. White that he accepted a bribe from men in behalf of Senator Lorimer IN ORDER TO EXPOSE CORRUPTION IN THE SENATORIAL ELECTION in no way affects the case of Lorimer."

A CLEANLY AGE

Twentieth Century Ideas Incline Toward Sanitation and Preventatives.

Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause. Just as unclean habits breed many diseases, so careless habits will breed dandruff. Improper use of another's brushes, combs, etc., will surely cause dandruff, and, in time, will just as surely cause baldness.

It's microbic infection, nothing more nor less. Newbro's Herpicide kills the dandruff germ, and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances.

HOLY COW.

"Holy Cow!" Nine cut-throat tars hitched their breeches and kicked the Merriam out of the dockhouse, and the pulsing current switched her slantwise down the channel. "Yo ho ho, an' a Bottle of Bud!" The men circled about The Capt. Attired in a seymour jumper and jean bloomers, his squat form squat squatter than usual, his ticking complexion ambered by the wind and the foam, The Capt. started to start the engine. Nothing doing. "Holy Cow!" An eddy picked up the Merriam and she began to execute a lazy waltz. Listman Mill and The Bridge slipped off up the river in animated disgust. But the engine wouldn't budge. "You! Koy!" The Capt. swore enthusiastically and eloquently. The Crew hitched their breeches. Little Puck paddled and Pinochle Pudge picked a pike pole and prudently poked her prow into the bank. "Avast!" "Shiver me timbers!" "Pieces of eight abaft th' beam!" (Nautical talk hazarded by The Crew to make The Capt. think it was a real boat) "Clear away for The Dutchman's, yo ho!" "All hands take to the schooners!" Sa-a-aved! "Holy Cow!"

SPOTLIGHTS

GREW STOCK COMPANY

The play to be presented by the Wm. Grew Stock company Thursday evening and for the latter part of this week is Kyril Bellow's greatest comedy drama, "The Man Who Wins." It is somewhat on the order of "Raffles," but has been considered a greater play by all the critics. The play has plenty of heart interest and the comedy serves to refresh, rather than detract, from the interest of the performance. The part of Ned Danvers, in which Mr. Bellow was seen in the east, will be played by Mr. Grew. The performance given by Mr. Grew in this part has been very favorably compared with that of Mr. Bellow. Miss Mable Cullen will be seen as Norma Gray, the society girl who falls in love with "The Man Who Wins."

Commencing Sunday matinee, the company will present Dick Ferris' greatest military comedy drama, "Way Out West." Matinees every Sunday, Wednesday and Saturday.

CARTOONIST AND ACTOR

"I can smell printer's ink and a newspaper office a mile away," said Frank Mostyn Kelley, who is making a hit at the Majestic this week in "Tom and Jerry," "and I always visit the newspaper—my old home for many years."

The name Frank Mostyn Kelley is known to all the newspaper cartoonists in the United States today, as he has a record of some twelve or thirteen years with the largest papers in the country, including the New York Telegraph, Pittsburgh Dispatch and San Francisco Call.

"How did you get into vaudeville?" asked the reporter. "Well, I was an actor first, I had been doing parts so long that I got tired of it, and being able to draw—I did much of it when at school—I soon secured a good berth with a newspaper. But they stick you in such small rooms and give you such

"Here he paused to pocket a half dollar and hand a bottle of the liquid to a bald-head."

"My warning is—do not neglect, when the full head of hair is grown, to take the last dose in the bottle internally. That is, swallow it."

"Swallow it! What for?" the buyer asked. "To clinch the roots," was the reply.—Washington Star.

How Gage Was Spared

The stories of ruptures in the cabinet which are being much circulated lately bring to mind the fact that Lyman J. Gage was nearly driven out of the McKinley cabinet by newspaper reports.

After Mr. Gage had been in the cabinet for a time an influential paper appeared with persistent reports that President McKinley wanted to get rid of Gage, but had found no way to let him know the fact delicately.

One story after another of that sort appeared until finally Gage one morning picked up a clipping telling how McKinley wanted him out and immediately thrust it into an envelope with a note in which he said: "Mr. President, if you want me to leave the cabinet you need not go to the newspapers to tell me so."

Mr. Gage was about to seal up the envelope and address it to the White house when he showed it to a close friend, who told him not to send it and that President McKinley knew nothing of the stories of retirement.

Gage took the advice, tore up the note and envelope and saved what would have unquestionably been a break in the cabinet.—Washington Times.

Honored by the Governor

Effusive compliments have been paid to Gov. Marshall many times, but it remained for an old Irish woman to cap the climax.

The governor met her at a funeral which he attended the other day and she was full of reverence for the Indiana executive.

VIRGINIA OF THE AIR LANES. BY HERBERT QUICK. COPYRIGHT BY ROBB-MERRILL CO.

The voice came from the darkness of the house, cool, calm, self-possessed.

"Present!" answered Craighead. "But don't shoot! I'm a starving man, in charge of a maniac."

"Please come here, Mr. Craighead," said the soft voice.

"Virginia!" cried Carson. "Please tell your friend," said the voice, "that if he presumes to address any person except yourself, this window will be closed!"

"Got that?" asked Craighead. "Or will you have the message repeated at your expense, to avoid possible errors?"

Craighead approached the glimmer of white drapery, and Virginia gave him her hand, which he gallantly kissed.

"You may tell your friend," said Miss Suarez, "that his coming here is a foolhardy thing, and quite uncalled for. No one here either can see him, or would if she could."

"You hear, old man?" queried Craighead. "The imprisoned damsel saith it's all a mistake. She don't want no knight! This balcony business lacks appeal, being hackneyed and overworked. It's no go, Colonel—except for you. Do I correctly interpret the speech from the throne—and to the throne?"

"You may tell him," went on Virginia, "that his movements have been reported, and the Aerostatic Power Company is about taking legal steps—I don't know what—to contest with him—I don't know what."

"That's in my department," replied Craighead. "I don't allow my friend to mingle with it. And tell your friend—to coin an expression—that we shall be with him in the courts. The great Craig speaketh of his specialty."

"And now go!" said Virginia. "Your coming here at all is perfectly shameful!"

A murmur of voices arose from the court, and lights flashed out, illuminating the roof and the girl's form and face, as she stood at the window in flowing white robes like an angel.

"I can't go," said Carson. "I must speak! I was wrong not to tell you of my mistake; but I loved you from the moment I picked you up from the sand and carried you into the cabin! I couldn't say you had no place to go! I wanted you! And I didn't think of anything that—that could remind me of—of—of your reputation!"

"Mr. Craighead!"

"Adsum!" responded Craighead.

My Corns Don't Hurt A Bit

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your first if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this:

"The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend."—Sam A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with TIZ for sale at all druggists, 25 cents per box or direct, if you wish, from Walter Luther Dodge and Co., Dept. 489, Dodge Building, Chicago, Ill.

Indigestion Cured

Mrs. D. H. Yowell cannot praise Duffy's Pure Malt Whiskey too highly. It completely cured her after she had suffered from indigestion for years and when nothing else did her any good. She says it is the greatest remedy in the world for all stomach troubles.

"I wish to testify to the excellent results obtained through the use of Duffy's Pure Malt Whiskey. I had suffered for years with indigestion and had tried different remedies but received very little relief, so I tried Duffy's Pure Malt Whiskey and the effect was wonderful. It is the best stomach remedy in the world. I can recommend it most highly to any one suffering from indigestion or any stomach trouble." Mrs. D. H. Yowell, 321 So. Pine St., Richmond, Va.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain. When taken at meal-time it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It makes the old feel young and keeps the young strong and vigorous.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold in SEALED BOTTLES ONLY—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet, containing testimonials and rules for health, both sent free.

NO WAR ON THE FOREIGN LABOR

St. Louis Negroes Brought Here by Contractor to Work on Double Tracking

No verification of the story that the striking white men, on the Burlington section gang, would make war on the imported Italian and Austrian class of labor, which is replacing them, could be secured today. None of the section men who walked out Monday evening, as yet have threatened to make trouble for the men who are now employed at Grand Crossing. With the coming of summer, the demand for farm labor, street and sewer work and many other forms of labor in the locality is greater than the supply and the men state that they will seek employment elsewhere. There are but few of the section hands that have families.

The story which was circulated today that the men had been replaced by a number of negroes who had been brought here from St. Louis is untrue. A carload of the Nubians was brought here yesterday but they will work on the double tracking between Lytle and Onalaska, having been hired by the contracting firm, which secured the work from the Burlington road. It is understood that twenty-five cars of these colored laborers will be brought here to do this work, as it is the intention of the concern to rush the double tracking as rapidly as possible.

MILITARY BOARD INSPECTS RANGE

SPARTA, Wis., May 3.—Col. A. K. Evans and the other members of the military board who have been selected to decide upon a suitable location for the national army target range at Camp Robinson, which shall supplant Camp Perry as the place for holding the national rifle competitions in the future, have arrived yesterday and were taken over the range and shown the various vantage points, from which a section will be made for the range.

As yet the officers have made no definite decision but will probably do so this week. They pronounce the range as well adapted to the purposes of a national range and will choose the best location to be found.

A gang of men is expected here in a few days to do grading work, and the road to the range will be rushed to completion so that it may be used for the transportation of the troops there this summer.

Ever afterwards thereafter each shave is a clear profit to you, which you can invest in Elfenbrun, Peerless, Old Style Lager or Barti's High Grade. J. B. TURNBULL ASKS A HEARING

North Side Man Wants
Cloud Created by Tietz
Story Cleared Up by
an Investigation

J. B. Turnbull, member of the
county board and former north side
grocer, this morning addressed a
letter to District Attorney James
Thompson, asking that he be given
a full hearing in connection with
the charge by John Tietz, conduct-
ing a store under the Turnbull flat,
that the latter entered his store.

John Tietz, proprietor of the
store, charged that on the night of
April 27th, he laid in wait at his
store and caught John Turnbull,
former proprietor, coming over the
transom. This Turnbull denies, de-
claring he heard someone down-
stairs, and thinking burglars were
at work went to the back room to
investigate, when he was pounced
upon by Tietz. District Attorney
Thompson refused to cause Turn-
bull's arrest at the time because he
considered there was insufficient evi-
dence of the intention of a crime.
Since that time various stories have
been circulated which Turnbull con-
sidered hurts his reputation and this
morning he made formal request for
an open hearing which would prove
his innocence.

Will Give Hearing
Attorney Thompson said that
while he had not fully made up his
mind on the matter, as it was a puz-
zling question, he believed that
since the charges had been made
against Mr. Turnbull, and the latter
desired an investigation for the pur-
pose of clearing himself, that this
was no more than right, and that
his impression is that he will ar-
range a hearing of the facts.

Tietz, present proprietor of the
grocery, was a clerk in the Turnbull
store for years, and some time ago
bought out Mr. Turnbull, giving
notes for the money. The interest,
it is understood has been paid on
the notes, but none of the principal
has been paid, and it is asserted that
Turnbull notified Tietz he would
have to return the store. The trouble
followed this notification, it is
said.

Addresses Prosecutor
Mr. Turnbull this morning ad-
dressed the following letter to Dis-
trict Attorney James Thompson:
"Dear Sir:

"I have been accused by certain
people of entering my store build-
ing under the flat where I reside
and occupied by John Tietz, on the
night of April 27th, 1910. After
talking with these people and a
thorough examination the authori-
ties, believing the charges to be un-
true and knowing the full facts, re-
fused to prosecute.

"The story seems to have been
circulated that the failure to pro-
secute was due to other influences
than the facts in the case.

"In order that this matter may
be cleared up and my innocence es-
tablished it appears to me that the
matter should be brought before the
court.

"If you will act and will notify
me, or Morris & Hartwell, my attor-
neys, I will voluntarily appear for
trial at any time convenient for you
Yours,
"J. B. TURNBULL."

**WHITE SLAVERY
DOOMED AT LAST**

(Continued From Page One)
The girls are sold like so many cat-
tle, and delivered as such.
The method of getting girls into
the stockades rooming houses is
simple and terribly efficacious be-
cause of its simplicity. The women
in charge of the stockades haunt
the moving picture shows and cheap
theaters. They scan the audience,
not the stage. If a pretty girl of
evident poverty is present, the wo-
man, gowned in silks and resplend-
ent in jewels, approaches her and
enters into conversation. For the
most part these girls of poor homes,
are awe-stricken that so grand a la-
dy would notice them. They are a
little proud, too, and that pride is
their undoing.

The "Grand Lady"
The "grand lady" invites them to
visit her at her "home" usually na-
tionally appointed. When the girl's
eyes are bulging at this sign of
great wealth, the woman paints to
her in glowing words, what an easy
life she too may live, how she may
dwell in luxury without work and
be dressed in the finest clothes.

The rest is easy. The girls are
caught in the trap of the procuress
and are ready for sale.

The "Market"
Most of the girls are sold in New
Jersey and Connecticut cities, though
some have been shipped as far as
the Pacific coast. But they never
go alone. Human leeches like Levin-
son are sent with them as their
guard. For thus conducting a girl
from a stockade to the resorts, Lev-
inson received two per cent of the
girl's "earnings." There seemed
to be no end to the amount of girls
these stockades could furnish. Lev-
inson remembered instances where
women with money, desiring to op-
en resorts, could secure an entire
houseful of girls at one time. The
white slaves are not all products of
poor homes in New York City. Lev-
inson told the police procuresses of-
ten preyed upon country girls who
came to New York to seek fame and
fortune.

There were literally acres of peo-
ple in the square about the national
theater when Roosevelt arrived and
he was enthusiastically cheered as

velt at the conclusion of his address.

One significant remark in Roose-
velt's address was the reiteration of
the thought that he embodied in his
Sorbonne university speech, in lead-
ing for the protection of human
rights above property rights.

"There is at least as much need to
curb the cruel greed and arrogance
of part of the world of capital, to
curb the cruel greed and arrogance
of part of the world of labor, as to
check a cruel and unhealthy militar-
ism in international relationships,"
he said.

Four measures for the accomplish-
ment of international peace were dis-
cussed by the speaker. They were
arbitration treaties, the development
of the Hague tribunal, the checking
of the growth of armaments, and the
formation of a league of peace by the
great powers, which would "not only
keep the peace among themselves,
but would prevent by force if neces-
sary its being broken by others."

Kenosha Mayor
LOCATES ORPHANS

Chief Executive Scholey
Finds Niece and Nephew
Here whom He Never
Saw Before

The happy meeting with his niece,
and nephew, Sarah Spetter and Law-
rence Spetter, whom he had never
seen, was the experience of Mayor
Mathias J. Scholey of Kenosha, Wis.,
at St. Francis hospital in this city
yesterday afternoon.

The mother of the two children
died when they were both infants
and soon afterward the father is said
to have disappeared. The children
were brought to the orphanages of
this city, where they were brought
up and given education. Some time
ago Mrs. Scholey, a sister of the fa-
ther of the children, learned that they
were taken to La Crosse when they
were very young, but no information
could be obtained as to where they
had been brought up, whether in pri-
vate families or in the orphanages.

Yesterday afternoon Mayor Scho-
ley came to this city for the purpose
of making an investigation. He first
went to the St. Rose convent, where
upon inquiry he was told that the
children were not there but that they
may have been at the orphanages.

From there Mayor Scholey was di-
rected to St. Francis hospital, where
he was surprised when he was in-
formed that both children were there.

"I am your uncle," said the good
natured mayor as the young people
were brought to him. "I did not know
that I had an uncle," replied the
young man and the girl was equally
surprised. It was not long, however,
before they recognized the relation-
ship and a happy meeting was the re-
sult. The children were brought up
in the orphanage and only recently
the young woman, who is now about
18 years, took up a course as train-
ed nurse. The young man, aged 20,
is fireman at the hospital. After the
meeting the mayor extended them
both an invitation to come and visit
him at Kenosha.

"I did not know where to find the
children when I came here," said
Mayor Scholey, "but I was under the
impression that they were at the
convent and it was not long before
I located them. It was a very pleas-
ant meeting and I feel that I was
well paid for my trip here."

United Press are the most accurate
estimate that can be made before
that time.

The census bureau makes a spe-
cial practice of estimating popula-
tion and in the bureau are data col-
lected during many years for this
purpose. The experts have perfect-
ed the system to a remarkable de-
gree and the advance figures in most
cases have been nearly identical
with the latter official's statement.

A Close Computation
"Of course, we don't like to
brag," said one of the men, who
helped compute the figures carried
by the United Press, "but you will
find that our estimates for this year
will be mighty close to the final
count when it is computed."

As said in these dispatches yester-
day the bureau declined to give
out estimates for the rapidly grow-
ing communities of the Pacific coast.

ORDERS CHURCH PROPERTY SOLD

Judge Higbee Decides, how-
ever, Only Parties to
Original Trust
May Bid

Circuit Judge E. C. Higbee has
rendered a decision in an interesting
Vernon county case involving the
division of certain church property.
The trustees of the Utica Norwegian
Lutheran congregation which had
withdrawn from the Evangelical
synod and joined the United church
brought action for a division of par-
sonage property which was owned
jointly by the West Prairie, Bad Ax,
Kickapoo, North West Prairie and
Utica congregations prior to the
withdrawal of the Utica congrega-

tions. The plaintiffs demanded a
sale and division giving them a fifth
interest.

On the ground the property was
in trust and intended for uses of
the church by the original purchas-
ers the court held it could not be sold
to an outsider, also that the Utica
congregation was entitled to an un-
divided fifth, even though they had
withdrawn from the synod. The
court ordered the sale of the prop-
erty, limiting the bidders to the
five interested congregations, so that
the property will remain for uses
originally intended, permitting at
the same time satisfying the claim
of the Utica congregation.

GOTCH'S SHARE TO BE \$23,500

That will Be His Part of the Zbyszko Match Receipts; Match May 30, Says the Champion

CHICAGO, May 5.—Realizing the proportions of the undertaking to offer a guaranteed purse of \$25,000 for the Gotch-Zbyszko wrestling match on May 30, the Empire Athletic Club today completed arrangements for meeting the advance ticket sale. The price of boxes will be \$10 per seat. Other seats will range in price from \$5 to \$1. Of the \$25,000 purse, Gotch will receive \$23,000, while Zbyszko's portion will be only \$1,500. Gotch is determined that the match shall be held on May 30. He

KLING MAY CATCH SOME TOMORROW

CHICAGO, May 5.—Chicago base ball fans are speculating today on the announcement that the former hold out catcher had signed a new three year contract with the Chicago Cubs. Kling's salary this year will be \$4,500, of course, but it is asserted that next year the catcher will receive \$6,000. Kling expressed his satisfaction today. He said he was ready to play any time and that he might go behind the bat for the first time tomorrow.

will listen to no plans for a postponement on account of weather conditions. A mammoth steam heated tent has been provided in the event of cold or rainy weather.

EAU CLAIRE TO HAVE SAME TEAM

Moore at Third Improves the Infield; Other Men Same as Last Year; Predict Winning Team

EAU CLAIRE, Wis., May 5.—With only a few exceptions the Eau Claire baseball team of the Minnesota-Wisconsin Baseball league will begin the season of 1910, which opens May 11, with practically the same team as finished the season last year, and whatever changes will be made will be for the better, with the probable exception of the center field position, made vacant by the absence of Russ Bailey, drafted by the Milwaukee team. Eau Claire should, therefore, start out with a decided advantage over the other teams in the league.

NOTRE DAME WINS FROM MARQUETTE

NOTRE DAME, Ind., May 5.—Notre Dame took their spite out on Marquette yesterday for losing to Arkansas last week, winning by a score of 11 to 0. They literally wiped the earth with the Cream City team, totalling fourteen hits off Leonard and getting eleven runs. Heyl had the visitors hoodooed from the start and allowed but one hit. A return game will be played in Milwaukee May 18.

\$200 WALK FOR WESTON

COLUMBUS, O., May 5.—Clark Dougherty, local athletic promoter, has wired Edward Payson Weston an offer of \$200 to come here on July 4 and walk once around the grand circuit racetrack. Dougherty is trying to make this a feature in the athletic carnival.

HOME RUN BEATS BREWER'S TEAM

Woodruff Pounds Out a Four Bagger in the Seventh, Louisville Winning, Score of 4 to 3

With the game tied up with a score of 3 to 3 yesterday in the seventh inning, Woodruff of the Louisville aggregation poled out a beautiful home run over the palings, bringing in the winning run which defeated the Brewers at Milwaukee. The inability of the Milwaukee team to hit at the right time and the Woodruff wallop lost the game for the Maecmen. Milwaukee used two pitchers but could not stem the tide of hits and bingles that floated palming. Pitcher Schardt hurled the last two innings and allowed two bingles off his delivery.

HIGHS DEFEAT THE PARK STORE

More Than Fifty Schools Promise to Participate in the Interstate Meet Here

Another practice game was played by the high school baseball team yesterday and this time they defeated the Park store team by the score of 8 to 7. It has not yet been decided whether they will play Caledonia or the faculty on Saturday.

The city field meet which is to be held on Saturday afternoon promises to be a good one, as the Y. M. C. A., W. B. U., normal and agricultural schools all have good teams and are sure to put up a good fight for first place.

From present indications, the interstate meet, to be held here on May 21, promises to be one of the best seen in this city. Replies from mail schools to whom invitations were sent have been received, and all promise to send good representatives. It is expected that teams from over fifty institutions will be on hand to compete, and the winner of the meet will have to possess a great deal of class. La Crosse hopes to capture premier honors this year as there is a lot of material with which to work, and although there will not be so many veterans nor versatile men as formerly, the locals are sure to be in the fight at all times. A new discus and new hurdles have been purchased at a big expense, and the manager is doing everything in his power to make this year's meet the most successful one in the history of the school. A large crowd will be needed in order to pay expenses, and it is hoped that La Crosse will turn out to see a contest, the like of which has never before been seen on a local field.

BOND CUTS SQUAD TO FOURTEEN MEN

WAUSAU, Wis., May 5.—By releasing all but fourteen players, Manager Bond has reduced his squad to within one of the maximum number that may be carried after June 1. There are now but

NEW YORK, May 5.—The American League beat the Senators yesterday 4 to 2, by taking advantage of the visitors' poor fielding when men were on bases. A pass, an error and a two-bagger by Chase in the first round netted two runs for the Yankees, giving them a lead that they held to the finish. Score: R H E

PITTSBURG, Pa., May 5.—The bow-legged Mr. Wagner tied a run to the Cubs in the eighth round after Mr. Steinfield's exaggerated peg past first base had punched a hole for the string. Score, 8 to 1. With the count 3 to 2 in the ninth eighth Wagner rapped a single between third and short, scoring two runs and undoing Brown's splendid pitching up to this time. Then the inning went from worse to rotten, the Pirates copying six tallies and four swats. Steiny slipped in another wild throw that would have retired the side after the original damage was done and four extra runs resulted. Score: R H E

one or two positions for which there are more than one contestant, but it is probable that other players may be tried out before May 11. With the arrival of Nelson, a pitcher, that position will be supplied by six men, all of whom are showing up well. It is the intention of the management to carry five pitchers this season, which will necessitate the release of but one of the present number.

The outlook is that Dojan will remain at the initial sack, Walliser at shortstop, Bond at third, either Johnson or Rowland at second. Johnson behind the bat and Bourgeois, Cahill and Duchien in the outfield. Lakoff, Dunbar, Schieffelt, Stratton, Nelson and Williams will have to fight it out for pitchers.
